Further, 2008 tournament rules stipulate that a competitor must compete all in Championship or all in Performance tournaments at Regional and National/World Championship events.

CLASS DESCRIPTIONS

Two certification programs will be offered at this event – Championship & Performance. Competitors may enter both Championship and Performance Program classes for which they are eligible; however, under NO circumstance may a dog be entered in the same Championship and Performance class at this agility test (i.e. standard at any level in both programs). Classes include standard agility, gamblers, jumpers, pairs relay and snooker agility as set forth in Chapters 3 – 7 of USDAA Rules and Regulations, each of which are conducted at three competitive levels.

CHAMPIONSHIP PROGRAM CLASSES

The Starters Standard classes shall be for dogs that have not earned the Agility Dog[®] title or a Starters Standard title. Starters Non-standard classes shall be for dogs that have not earned a title in the class being entered (Starters Gamblers, Starters Jumpers, Starters Relay-3 different partners required-or Starters Snooker) or a qualifying score in the equivalent non-standard class at the Advanced or Masters level. When offered separately as Starters and Novice classes, the Starters level classes are for dogs handled by a person who has not previously earned the Agility Dog[®] title or a title in the Performance or Veterans Program with any dog. Three qualifying scores in the standard class from two different judges along with one qualifying score in each of the nonstandard classes is required to earn the Agility Dog[®] title.

The Advanced Standard classes shall be for dogs that have earned the Agility Dog[®] title or a Starters Standard title. Advanced non-standard classes shall be for dogs that have earned the Agility Dog[®] title or that have earned a title in the equivalent non-standard class at the Starters level, but have not earned the equivalent Advanced non-standard title or a qualifying score in the equivalent non-standard class at the Masters level. Three qualifying scores in the standard class from two different judges along with one qualifying score in each of the nonstandard classes is required to earn the Advanced Agility Dog[®] title.

The Masters Standard classes shall be for dogs that have earned the Advanced Agility Dog[®] title or the Advanced Standard title. Masters non-standard classes shall be for dogs that have earned the Advanced Agility Dog[®] title, the equivalent non-standard title at the Advanced level, or that had previously qualified for entry into the equivalent Masters non-standard class prior to January 1, 2004.

PERFORMANCE PROGRAM CLASSES

Generally, Performance Level I, Level II and Level III are run on courses used for Starters, Advanced and Masters classes in the Championship Program, with the following exceptions: the A-frame is set at 5'6", jump heights are one height class lower as set forth in Notes to Competitors, no spread hurdles are utilized and time standards in the standard, jumpers classes are extended by 3 seconds beyond that utilized in the Championship Program and the pairs relay class is non-qualifying. Eligibility is determined as follows:

The Performance I Standard classes shall be for any dog that has not earned the Performance Dog ISM title, the Performance Standard I title, or a qualifying score in the Performance II or Performance III standard classes. Performance I non-standard classes shall be for any dog that has not earned a title in the class being entered (Performance I, Gamblers, Performance I Jumpers, or Performance I Snooker) or a qualifying score in the equivalent non-standard class at the Performance II or Performance III level. Three qualifying scores in the standard class from two different judges along with one qualifying score in each of the non-standard classes is required to earn the Performance Dog ISM title.

The Performance II Standard classes shall be for any dog that has earned the Performance Dog ISM title, the Performance Standard I title, the Agility Dog[®] title or the Veteran Agility Dog ISM title, but has not earned the Performance Dog IISM title or Performance Standard II title, or a qualifying score in the Performance III standard class. Performance II non-standard classes shall be for dogs having earned the Performance Dog ISM title, the Agility Dog[®] title or a title in the equivalent Starters or Performance I non-standard class, but not having earned a title in the equivalent non-standard Performance II class or a qualifying score in the equivalent non-standard Performance III class. Three qualifying scores in the standard class from two different judges along with one qualifying score in each of the nonstandard classes is required to earn the Performance Dog IISM title.

The Performance III Standard classes shall be for any dog that has earned the Performance Dog IISM title, the Performance Standard II title, the Advanced Agility DogSM title, or the Veteran Advanced Agility DogSM title. Performance III non-standard classes shall be for dogs having earned the Performance Dog IISM title, the Advanced Agility Dog[®] title, the equivalent non-standard title at the Advanced or Performance II level, or that had previously qualified for entry into the equivalent Performance non-standard class prior to January 1, 2004.

Non Standard Classes:

NOTE: all nonstandard classes are scored pursuant to the provisions of chapters 6 & 7 of USDAA Rules and Regulations.

Gamblers Class: The competition consists of a course with no pre-determined route and each obstacle is assigned a point value. In the 'opening' period the handler seeks to accumulate points by performing the obstacles of his/her choice in the time allotted. At the conclusion of the 'opening' the handler attempts the 'gamble', a sequence designated by the judge to be handled from a distance, for additional points.

Jumpers Class: This class consists of a course of jumps and may include a tire and tunnels.

Snooker Class: This class has an 'opening' sequence of point collection similar to the Gamblers followed by a closing sequence of a set pattern. Roughly parallels the billiards game of 'Snooker', requiring the dog to successfully complete a 'red' jump prior to attempting an obstacle designated as any other color.

Pairs Relay: This class consists of a standard course with one dog and handler running a portion of the course, followed by a baton exchange to a second handler and dog who run the second portion of the course. Partners must be in the same program, level and height division, mini (Ch 12/16, Perf 8/12) or open (Ch 22/26, Perf 16/22). Eligibility is determined by the highest versatility or relay title earned. Crossing from Championship to Performance is the same as for other classes. In the event only one dog is entered in a program/level, un-entered dogs or dogs from other programs/levels may NOT be recruited to form a qualifying pair.
